

Quick-Pack Dumpster Solutions

With Patented Quick-Attach Hinge

Simplify Your Gate Installation with Quick-Pack

After 75 years in the fence business, we developed and patented an innovative solution to a common fence installation challenge. Our Quick-Pack Dumpster Solution is designed for seamless, efficient, and hassle-free installation.

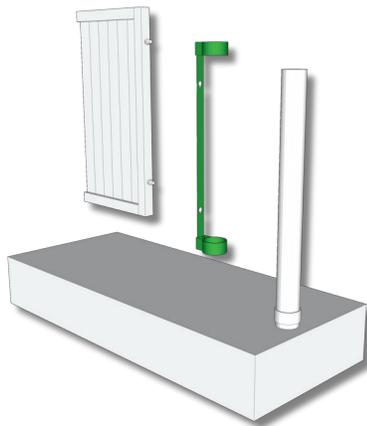

Features That Work for You:

- Tailored Gate Leaves: Built to your exact specifications for a perfect fit.
- Durable Posts with Pre-Welded Pivot Rings: Engineered for strength and precision.
- Innovative Quick Attach Hinges:
 - Slide effortlessly over the post.
 - Rest securely on pre-welded pivot rings.
 - Attach gate leaves easily with bolts—no welding required.

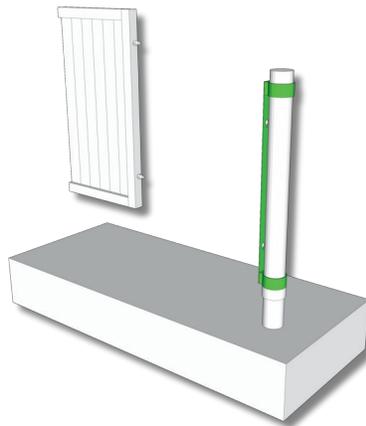

Why Choose Quick-Pack?

With no heavy equipment and no onsite welding needed, our patented solution saves you time, reduces labor, and ensures a streamlined installation process.

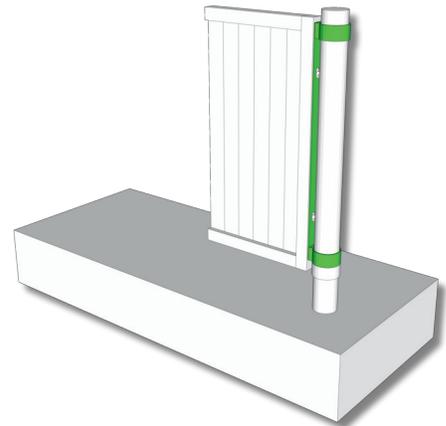

After decades of industry experience, we continue to innovate, providing reliable solutions that help you work smarter, not harder.
